I believe we are all set for 2:30. Walker, I put a Google Meet on the calendar and you should have received an invitation which includes a link to the video conference. If you didn't receive the invite or if it looks strange in any way, just let me know. Otherwise, I look forward to speaking to you both at 2:30.

If 2:30 works for Kristen, let's do it then on Google Meets.

Good morning! Any of those times can work for me. And we use Google Meets at NOAA, and I'm pleased to set one up once we settle on a time. It will be great to touch base and get acquainted.

Until we speak,

Jeff

Kristen and Jeff,

How do your schedules look this afternoon or tomorrow morning for a quick get acquainted meeting? Nothing to prepare, just a get acquainted and some initial planning. Options for this afternoon are 2, 2:30 or 3? Also, what is your video meeting platform does NOAA use? EPA uses TEAMS. I could set up a TEAMS mtg or you could set up on your end.
